Sridhar 'Sam' Ranganath

Passionate about bridging cultures through art, storytelling, and technology.
New York, New York, United States

Summary

Director/Producer creating impactful content for virtual camps, hospital programs, social media, and events that bring joy to children with cancer and their families. Certified Scrum Master with expertise in project management, creative direction, and media production. Background includes roles at Cerule International and Storyworks, along with advanced training at NYU and UCLA. Passionate about storytelling, I am currently exploring Generative AI and Prompt Engineering for innovative content creation.
